Response to Arguments

The amendments to the claims will not be entered because the scope of the claims is changed; new issues would require a further search and/or consideration. Proposed amendment will not be entered because new claims would require further search an/or consideration; the specific combination of materials {trimethylolpropane triacrylate, hexanediol diacrylate, silica, and photoinitiator} listed in claims 39 and 51 has not been addressed prior to the amendment.

Applicant's arguments are directed to subject matter that requires further search and consideration.

Note: amended claims filed 1/20/10 lists 1-38 as cancelled, however previous claims filed 7/16/09 list claims up to claim 33 {with claims 28-33 as cancelled}. If Applicant files an RCE and requests entry of the after-Final amendment filed 1/20/10, the amendment would be deemed non-compliant for the reasons listed above.
